Hannochs' lighting products are widely distributed and sold among all major provinces in Indonesia. Hannochs' products have also been advertised across various media platforms such as the national television networks, radio, magazine, and social media.

As one of the nation's leading lighting and electrical companies, we value constant innovation in order to improve our production process and expand our product offerings. Our company's mission is to continuously supply our customers with reliable products of good quality at a competitive price. In addition to that, Hannochs strives to always provide our customers with the best service possible. Our products go through extensive testing and strict inspection processes in order to guarantee customer satisfaction.

Hannochs' products have been widely recognized for its reliability and quality from both our customers and the industry itself. With the recognition and accolades that we have received thus far, we pledge to continue delivering maximum customer satisfaction through both our products and services.
